2017 Annual Banquet
Bank Report

This year's Annual Banquet was a genuine treat, just like those we've had in the past. Everyone had the opportunity to both PC and to NPC. The storyline was superb and allowed the low line teams, the mid line team, AND the high line team to all participate in the rescue of Princess Brightmoon of the Navarro from the Old Ones.

Everyone got into their roles, and it was fun! Sara's dolphin cry was amazing, as was Hank's costume as The Old One.

And that last mass melee was amazing! :)
