

Once Upon A Game Bank Report

The weekend of October 7th saw Camp Holland playing host to our annual spectacular weekend event. This year the name of the event was "*Once Upon A Game*", and the recurring theme throughout the event was various elements from the television show "*Once Upon A Time*". To that end, there was an overall storyline, several mini-games, and various competitions throughout the weekend!

Paul Coley created a very large, marvelous, moving, fire breathing dragon head. Sarah Gibson created several of the costumes that everyone noticed. Amy & Paul Coley showed up in spectacular outfits. Several of the builds for the game set new standards for the Dallas Chapter, including the structure for *The Crypt* and the interior of *Rumple's Magic Shoppe*.

We were fortunate enough to have perfect gaming weather throughout the entire weekend! This enabled several groups of people to camp out on Friday and Saturday night.

Dustin & Rachel

One VERY special event we had even before the game was the wedding of Dustin Procter and Rachel Bickett. It was a gorgeous ceremony and the bride and groom looked both resplendent and radiant! Congratulations to Rachel & Dustin!

Here's the video I took of the wedding:

Standouts from the event were varied and spread out among the gamers. Check out the Best Ofs for all of the details. Highlights include: the Evil Queen's dress made by Sarah Gibson, the large Dragon Head made by Paul Coley, the Best Humor which was tied between Jim Davie as The Spider Queen, and Lyn Wood and Mason Young as those astonishing HippoChickens. :)

We had three new people attending the event, so please be sure to welcome them the next time you see them!

Since we only had 2 gamers that did not NPC, and we only had one gamer who did not PC, all of the ratings have been glommed together into a single set of data.

Game Ratings:

Overall: 9.2 Design: 9.3 Logistics: 8.6
Mental: 7.8 Physical: 7.6 Fighting: 8.2 Risk: 7.6

The category awards include multiple PCs per gamer, as well as multiple NPC roles performed by each person, so the awards are listed for each winner without reference to their PC or to the NPC roles performed, except when that information was provided.
