

Rocky Horror Bank Report

This was a wonderfully fun first game from Chris Seals! Based on the Movie "Rocky Horror Picture Show", it had a wonderful sense of fun, along with a moral quandary for the PCs. In addition, the game was flexible enough to allow for a variety of creative solutions, which the PCs came up with in order to resolve their Quest!

I cannot say much without listing the various spoilers in the story, but suffice it to say that not everything was as it appeared, and not everything was as *antici-PATED!*

Apologies to everyone who required Brain Bleach after seeing the good Doktor! :)
